OFFICIAL ADVERTISEMENTS.

TENDERS FOR THE PURCHASE OF SKINS OF TIGERS AND OTHER WILD ANIMALS.

Notice is hereby given that sealed tenders will be received by the undersigned up to Saturday, the 15th July 1911, for the purchase of tiger, leopard, panther and bear skins that will be received in the Huzur Treasury, Mangalore, from time to time, for a period of two years commencing from 1st August 1911.

2. No tenders will be received after the date above specified.

3. Each tender should be superscribed "Tender for the purchase of tiger skins".

4. Every tender should be accompanied by a deposit of Rs. 20 in cash, or in currency notes duly registered.

5. The tender should clearly show the rate offered for striped (Royal) tiger, leopard, black panther and bear skin.

6. Tenders will be opened by the Treasury Deputy Collector who reserves to himself the right of rejecting any or all of the tenders without assigning any reason.

7. The successful tenderer shall, within a week of the acceptance of his tender being communicated to him, deposit in the Huzur Treasury, Mangalore, a further sum of Rs. 80, so as to make up a total deposit of Rs. 100, which will be returned to him on the expiry of the term of contract, provided there is no recovery to be made from him.

8. The deposit made by the unsuccessful tenderers will be returned to them on any day after the 15th July 1911 on application to the undersigned.

9. Intimation will be given to the contractor as the skins are received from the Tahsildars at the Huzur Treasury and he should have them removed on payment of their value at the accepted rates within a week from the date of notice, failing which, the skins will be sold by auction and he will be responsible for any loss sustained by Government by reason of such sale.

10. All skins whether good or bad, large or small, should be taken at the accepted rates. No objection on the ground that skins are damaged and will not realize proper value, will be listened to.

11. The teeth and claws will also be delivered with the skins when available.

SALE OF GANJA MANUFACTURED AT THE CENTRAL AGRICULTURAL FARM, COIMBATORE.

It is hereby notified that a quantity of about 37 maunds of ganja manufactured at the Central Agricultural Farm, Coimbatore, during 1910–1911 will be sold by public auction at the office of the Inspector of Salt, Abkári and Customs Department, Coimbatore Circle, within the Collector's compound, Coimbatore, at 10 A.M. on 19th June 1911 in convenient lots.

Intending bidders (ganja licensees necessarily) are required to make an initial deposit of Rs. 50 so as to render themselves eligible for bidding. Successful bidders will be allowed a week's time from date of sale for the payment of the cost price of ganja purchased in the District Treasury and production of a receipt therefor, and a further week's time for the similar payment of duty thereon and for the removal of the purchase, if necessary; and no further time will be allowed. In no case will removal be allowed before payment of duty and cost price wholly.

The article will be knocked down to the highest bidder and the Inspector reserves to himself the discretion of confirming the sales.

Defaulting bidders will not only lose their initial deposit but will also be liable to be proceeded against for the difference, if any, resulting from a re-sale on account of their default, under the Revenue Recoveries Act.

Further particulars, if any required, can be had from the undersigned.

All field and sub-division stones should bear the broad arrow marks on one side, which mark should be cut one-quarter of an inch deep. The letter "S" must be cut on the top of the sub-division stones in addition to the arrow mark on the side.

All stones should be roughly squared for one-third of their length from the top.

The tenders should reach the undersigned on or before the 31st July 1911. The covers containing the tender should be superscribed as "Tenders for the supply of demarcation stones for Madanapalle taluk."

The undersigned does not bind himself to accept any or lowest tender

TENDERS FOR WORKS IN THE TANK RESTORATION SCHEME DIVISION, V CIRCLE

NOTICE is hereby given that sealed tenders will be received by the Executive Engineer, Tank Restoration Scheme division, V Circle, at his office at Chepauk up to 2 P.M. on the 20th July 1911 for completing the work remaining to be done on the tanks noted below

2. The cover containing each tender should be addressed to the Executive Engineer, Tank Restoration Scheme division, V Circle.

3. In addition to the address, each cover should bear on it the number of notice for which the tender is given and the name of the tenderer.

4. Mofussil tenderers may send in their tenders by post duly registered to reach the Divisional office on the due date. Tenders not received by 20th July 1911 will not be considered

5 The Executive Engineer Tank Restoration Scheme division, V Circle, reserves to himself the right of rejecting any or all the tenders without assigning any reason.

6. Printed forms of tender can be had on application either at the Tank Restoration Scheme Divisional or Tank Sub-divisional offices.

7. Plan, specification and detailed estimate may be seen on application at the Tank Restoration Scheme Sub-division office at Villupuram on all working days between the hours of 12 A.M. and 4 P.M.

8. Work must not be sublet.

9. In the event of the tender being submitted by a firm it must be signed separately by each member thereof or in the event of the absence of any partner it must be signed on his behalf by a person holding a power-of-attorney authorizing him to do so.

10. The address of each tenderer should be given in full in the tender form

11. Tenders will be opened by the Executive Engineer, Tank Restoration Scheme division, at 2 P.M. on the 20th July 1911

12 Each tenderer must specify the rate at which each item in the schedule will be executed. Rates should include seigniorage charges. Any tender which merely specifies estimate rates or a percentage above or below estimate rates will be rejected.

18. The successful tenderer will be required to deposit 5 per cent. of the amount of his tender as security for due fulfilment of the work. The amount to be deposited is noted below:—

Name of works.	Earnest money. Rs.
(1) Edayur tank, Tirukoilur Sattai tank group, Tiruvannamalai minor basin	100
(2) Kasurakshi tank, Ariyur tank group, Villupuram minor basin	100

The total value of the trade of the Madras Presidency in the year under review increased by one crore and five lakhs of rupees or 2 per cent. over the record figure of the previous year. This increase was the net result of an expansion of nearly Rs. 2 crores or 6 per cent. under foreign trade and a contraction of nearly Rs. 95 lakhs or 6 per cent. in the coasting trade.

Under foreign trade, imports increased by Rs. 30·74 lakhs or 5 per cent. and exports by Rs. 149·43 lakhs or 7 per cent. Imports of private merchandise recovered to some extent from the depressed condition of the previous year and advanced by Rs. 117·21 lakhs or 12 per cent. on account of larger imports of cotton twist and yarn, cotton manufactures, metals, kerosene oil, sugar, apparel and spices. The expansion of Rs. 152·56 lakhs or 8 per cent. under exports of Indian produce was chiefly under raw cotton, coffee, tea and provisions.

Under coasting trade, imports had a set back of Rs. 100·75 lakhs or 10 per cent. due to better harvests and the resultant decrease in the demand for foodgrains from other provinces, the imports of which declined by nearly Rs. 136 lakhs. Exports advanced by Rs. 6·83 lakhs or 1 per cent. as a result of larger shipments of earthnut oils to Burma.

Balance of trade.—The following statement shows the balance of trade in merchandise and treasure under foreign trade during the past five years:—

The total gross revenue advanced by Rs. 13·85 lakhs or 24 per cent. The amount of import duty realised, viz., Rs. 61·90 lakhs, was the largest on record and showed an increase of Rs. 12·66 lakhs or 26 per cent. over that of the previous year. This increase occurred chiefly under liquors (+ Rs. 1·63 lakhs or 15 per cent.), petroleum (+ Rs. 1·09 lakhs or 71 per cent.), silver bullion and coin (+ Rs. 1·01 lakhs or 35 per cent.), tobacco (+ Rs. 1·49 lakhs or 263 per cent.), cotton-goods (+ Rs. 1·65 lakhs or 24 per cent.) and manufactured articles (+ Rs. 1·40 lakhs or 15 per cent.). In the case of the first four items, the increase was solely due to the enhanced rates of duty which came into force on the 25th February 1910, inasmuch as the quantities imported, except in the case of kerosene oil, the increased imports of which were due to special causes, showed a decline. The increase of Rs. ·57 lakh or 10 per cent. under export duty was due to larger exports of paddy to Ceylon and rice to Mauritius.

Standard price level.—The following table shows the variations in the average prices of certain articles of imports and exports. In the case of 30 articles the year 1873–74, and in the case of the others the year 1883–84 have been taken as the

standard or base year for comparison with modern prices. The record for 1873–74 or 1883–84, viz., 100, is followed by records of every tenth year and of the last four years.

Imports.—The marked advance under group VII-A represents larger imports of cotton twist and yarn and cotton manufactures. The increase under group II is attributable to greater imports of betel-nuts and sugar and that under III-B to heavier imports of copper, iron and steel, while the expansion of trade under kerosene oil and gold thread accounted for the increases under groups V and VII-B respectively. The advance under group VII-C was spread over a number of items, the chief of which were glass and glassware, carriages and carts, cement, tanned hides and skins.

Exports.—The improvement under group II was due chiefly to greater exports of coffee, fruits and vegetables, provisions, sugar and tea. Larger shipments and the higher price of raw cotton partly counterbalanced by diminished exports of raw skins accounted for the net expansion under group VI. The rise in group VII-C was the net result of increased exports under tanned skins and smaller exports under tanned hides.

I.—ANIMALS, LIVING

Horses.—There was a slight decrease of 25 in the number of horses imported during the year, but the total value was larger owing to a better class of horses being brought over from Australia, the average value per horse rising from Rs. 443 to Rs. 499.

II.—ARTICLES OF FOOD AND DRINK.

Liquors.—The following statement shows the imports for each of the past three years together with the average of the preceding five years:—

On 25th February 1910 the rates of duty on fermented liquors, spirits and wines were enhanced with the result that consumption fell off by 12 per cent. in quantity and 7 per cent. in value.

Malt liquors.—Malt liquors felt the effect of the enhanced rate to a large extent, the imports showing a decline from 533,580 to 468,344 gallons. As in previous years the majority of the imports came from the United Kingdom, which shipped 93 per cent. of the total.

Spirits.—The average value per gallon of both *whisky* and *brandy* imported was lower than in the previous year, owing partly to the larger quantity of cheaper brands and partly to the tendency of distillers to reduce the spirit strength. Total imports of *brandy* declined by 9 per cent but the imports of cheap brandy from Germany increased by 1,755 gallons. *Whisky*, which is supplied almost entirely by the United Kingdom, showed a decline of 2,259 gallons or 3 per cent.

The figures of *Colombo arrack*, which in the previous year had been less by 17,873 gallons than in 1908–1909, again showed a remarkable diminution, dropping from 31,801 to 6,471 gallons. Owing to the high price of this spirit, viz., Rs. 13 per gallon, it cannot compete either with country arrack or Malabar toddy arrack, the respective prices of which are Rs. 7–8 and Rs. 8–12 per gallon.

Wines.—The import figures of *wines* varied but little from those of the previous year. The increased duty caused a slight decrease in the quantity imported but the average value per gallon was slightly higher.

Provisions.—The total value of imports increased by ·45 lakh or 2 per cent. Under this head the trade in *biscuits* continued to show steady progress, the imports being Rs. 4·2 lakhs as compared with Rs. 3·5 lakhs in the previous year. *Canned and bottled provisions, farinaceous foods and condensed milk* were also imported in larger quantities. Of the total imports, valued at Rs. 21·16 lakhs, the United Kingdom supplied provisions to the value of Rs. 15·65 lakhs or 74 per cent.

Spices.—*Betelnuts*, which formed 93 per cent. of the imports of spices, amounted to 27·41 million lbs. valued at Rs. 36·07 lakhs, against 25·93 million lbs valued at Rs. 31·79 lakhs, the increase being chiefly in the sun-dried variety supplied from Ceylon. Imports of *Pepper* increased from 317,642 lbs. valued at Rs. ·71 lakh, to 407,650 lbs. valued at Rs. ·97 lakh, the Straits Settlements being the chief source of supply.

Sugar.—The imports were as follows:—

The imports of sugar during the year were the largest on record, and exceeded the record imports of the previous year by 3 per cent. in quantity and 18 per cent. in value. The imports of *refined sugar* advanced by 51 per cent. in volume and 54 per cent. in value. The most noteworthy features in the above statement are the great drop that took place in the imports of *beet sugar* from the continent and the large increase that occurred in the imports of refined cane sugar from Java. The shipment of beet sugar from Germany ceased altogether and only 42 per cent. of the previous year's shipments was received from Austria-Hungary. The chief cause that affected the imports of beet sugar was the very short beet crop of 1909-1910, which was insufficient to meet the requirements of the manufacturers in the United Kingdom. The price of beet rose in consequence, reaching its maximum of 15s per cwt. f.o.b. 88 per cent. analysis in May. The small supplies available for the Indian market were unable to compete with the refined cane sugar from Java, which was imported to the extent of 211,857 cwts. or more than double the quantity in the previous year.

The manufacturers in Java have recently adopted the most improved and economical methods of manufacture, which enable them to place refined sugar on the Indian market at a rate cheaper than that ruling for the local product.

Towards the end of August the price of beet sugar fell rapidly, as each successive estimate of the beet crop of 1910-1911 showed that the crop would surpass all previous records. The price of Java sugar fell in sympathy and large speculative purchases were made, resulting in the overstocking of the market with foreign sugar at the end of the year. The same cause influenced the imports of cane sugar from Mauritius, which sent more than six times as much as in the previous year. The decrease of Rs. 3,03 lakhs in the imports of *unrefined sugar* was due to the smaller imports from Java and Mauritius in consequence of good local production of cane and its more jaggery. The imports of *molasses*, though less than those of the previous year, were nevertheless considerably higher than the average of the previous five years. The slight increase under *confectionery* calls for no remarks.

III.—METALS AND MANUFACTURES OF METALS.

Hardware and cutlery.—Hardware and cutlery formed 13 per cent. of the total imports under the group "Metals and manufactures of metals". The values of the trade with the principal countries of supply are given below.

The imports were the largest in the decade, the figures showing an increase of Rs. 4·07 lakhs or 14 per cent. over those of the previous year. Under *Agricultural Implements*, there was an increase of Rs. ·24 lakh, due to larger importations from the United Kingdom, while the imports under "Other Sorts" rose by Rs. 5·85 lakhs. The United Kingdom was, as usual, the largest supplier with Rs. 23·1 lakhs (68·9 per cent. of the total against 70·0 per cent. in the previous year).

The import trade in metals improved by 85,293 cwts. or 8 per cent. in volume and by Rs. 10·86 lakhs or 9 per cent. in value as compared with the previous year.

Brass.—The decrease under *brass* was due to high prices and to the growing popularity of copper. The average value rose from Rs. 49–12–0 to Rs. 59–0–0 per cwt.

Copper.—The imports of copper showed an increase of 13·1 per cent. in quantity and 12·7 per cent. in value over the figures of the previous year. The imports were stimulated by the fall in the price of the metal owing to the general demoralisation of the American Stock Exchange produced by the financial crisis and the threatened legislation against trusts and monopolies and freight rates. Imports of *mixed or yellow metal sheathing*, which comprised 80 per cent. of the imports under copper, increased from 57,107 cwts. valued at Rs. 25·85 lakhs, in 1909–1910 to 62,443 cwts., valued at Rs. 28·26 lakhs, in 1910–1911. Of the total value of copper imported, the United Kingdom

sent Rs 23·6 lakhs and Germany Rs. 11·46 lakhs as against Rs. 18·92 lakhs and Rs. 11·93 lakhs, respectively, in the previous year.

Iron and steel.—Imports of *iron* advanced by 4 per cent in quantity and 7 per cent in value over those of the previous year. The expansion of Rs. 3·11 lakhs was brought about by larger receipts of *bar iron, sheets and plates*, and *other kinds*. The increase in *iron bars* of 21,127 cwts. valued at Rs. 1·63 lakhs, was due to speculation, with the usual result of heavy stocks. *Sheets and plates* advanced by Rs. ·64 lakh and "other kinds" by Rs. 1·01 lakhs. Imports of *steel* were the largest on record, increasing by 16 per cent. in volume and 19 per cent. in value. The increase of Rs. 1·98 lakhs under *steel bars* was due to replenishing stocks, and that of Rs. 1·98 lakhs under *beams, pillars*, etc., to large building operations in the Presidency. The following statement shows the distribution of iron and steel during the past two years:—

From the statement above it will be seen that the share of the United Kingdom in the iron and steel trades rose from 39 per cent. to 40 per cent. in quantity.

The United Kingdom lost ground to Belgium in the quantity of iron exported, but it is noteworthy that, whereas the value of iron from the United Kingdom increased by over half a lakh, the value of Belgian iron receded by a like amount. In steel, on the other hand, United Kingdom shipments showed a far greater improvement, increasing by 49,881 cwts. in quantity and Rs. 3·8 lakhs in value against a Belgian increase of 13,535 cwts. in quantity and Rs. ·93 lakh in value.

Germany and Sweden together supplied 54,305 cwts. of steel and iron valued at Rs. 6·05 lakhs against 50,423 cwts. valued at Rs 4·20 lakhs in 1909–1910. While their iron shipments increased by 88 per cent. in quantity and by 107 per cent. in value, their steel shipments fell away by 49 per cent. in quantity and 12 per cent. in value. Imports of iron from Germany were partly of Swedish origin.

Tin.—Imports of *tin* expanded from 3,091 cwts. valued at Rs. 3·37 lakhs in 1909–1910 to 3,352 cwts. valued at Rs. 4·12 lakhs. The average value rose from Rs. 109 to Rs. 121 per cwt. The Straits Settlements supplied Rs. 3·49 lakhs' worth of tin as against Rs. 3·24 lakhs in the previous year.

Other metals.—Imports of *aluminium*, which forms the chief item under other metals, fell from 4,177 cwts. valued at Rs 3·46 lakhs to 3,880 cwts. valued at Rs. 2·86 lakhs, the average value falling from Rs. 77 to 73 per cwt. The decrease was primarily due to large stocks on hand.

Machinery and millwork.—In the year under review there was a reduction in demand for machinery and millwork, and imports fell by 10 per cent. from Rs. 44·32 lakhs to Rs. 40·07 lakhs. *Locomotives and other steam engines*, other than those for railways, rose by Rs 1·52 lakhs in value. In *Electrical machinery* there was a falling off of Rs. 2·53 lakhs owing, as in the previous year, to the completion of large installations, but *mining machinery* rose in value by Rs. 2·74 lakhs owing to further extensions in the Kolar Gold fields. Under the head of *textile machinery*, on the other hand, there was a large decrease in the value of imports of Rs. 6·19 lakhs owing to the unfavourable conditions prevailing in the cotton industry. The United Kingdom supplied Rs. 36·63 lakhs or 91 per cent. of the total imports as against Rs. 41·93 lakhs or 94 per cent. in the previous year.

Railway plant and rolling stock.—The imports under this head amounted to Rs. 65·15 lakhs, an increase of Rs. 3·51 lakhs or 6 per cent. over the figures of the previous year. The increase of Rs. 10·78 lakhs under *Locomotive engines and tenders* was due to larger imports of engines for additions to stock. Under all other

heads, *carriages* and *trucks*, *rails* and *sleepers* show small decreases. Of the total imports of Rs. 65·95 lakhs, the share of the United Kingdom was Rs. 50·06 lakhs, and of West Australia, which supplied wooden sleepers, Rs. 1·53 lakhs.

IV.—CHEMICALS, DRUGS, MEDICINES AND NARCOTICS, AND DYEING AND TANNING MATERIALS.

Chemicals.—The total value of chemicals imported in 1910–1911 amounted to Rs. 9·32 lakhs against Rs. 8·48 lakhs in 1909–1910. The increase under this head was chiefly due to larger imports of *chemical manures*, which increased from Rs. ·53 lakh to Rs. 1·53 lakhs, indicating the growing prosperity of the tea, rubber and other plantations in Southern India.

Drugs and medicines.—The total value of drugs and medicines rose by Rs. 1·56 lakhs. Imports of *camphor* increased in quantity by 2 per cent. and in value by 13 per cent. The official estimates of the Japanese supply indicated a probable rise in price and large speculative purchases appear to have been made in anticipation of this rise, as the stocks held at the end of the year were heavy. The average value of Chinese camphor increased from As. 15–9 to Rs. 1–1–0 and of Japanese from Rs. 1–4–0 to Rs. 1–5–0.

Tobacco.—The duties on tobacco of all kinds were largely enhanced by Act VIII of 1910 at the close of 1909–1910 and the specific duties imposed approximated nearly to those in force in the United Kingdom.

The new duties led to an extensive curtailment in the imports of foreign tobaccos and scarcely realised the revenue it was hoped they would bring in. At the end of 1910–1911 the rates were reduced by about 14 per cent. and the imports will probably show improved figures next year. A great impetus has been given to local manufacture and enormous quantities of cheap cigarettes made from Indian tobacco are being turned out, chiefly in Bengal. The total imports of tobacco of all kinds declined by 723,501 lbs or 83 per cent. in quantity and by Rs. 3·81 lakhs or 52 per cent. in value. *Leaf tobacco*, formerly duty-free, fell from 447,115 lbs. to 63,267 lbs. or by 86 per cent. in quantity and from Rs. 2·41 lakhs to Rs. 1·01 lakhs or by 57 per cent. in value. Imports from Ceylon and the Straits Settlements practically ceased, the duty rendering the importation of cheap tobacco unprofitable. Imports of *cigarettes* also decreased to the extent of 77 per cent. in quantity and 48 per cent. in value. Cheap American cigarettes suffered the most severely from the enhanced rate, imports falling in value from Rs. 1·86 lakhs to Rs. ·11 lakh, or by nearly 94 per cent., their place being taken by the locally-manufactured article.

Dyeing and tanning materials.—The imports of *alizarine* and *aniline* dyes fell off by about 11 per cent. and 10 per cent., respectively, but the decline under these two classes of dyes was counterbalanced by larger imports of synthetic indigo. Of the imports of *alizarine* and *aniline* dyes Belgium supplied 31 per cent., United Kingdom 13 per cent. and Germany 5 per cent., but 14 per cent. of the shipments from Belgium was of German origin.

V.—OILS.

There was an increase of 23 per cent. under oils owing to a corresponding increase in imports of mineral oils, which constituted 99 per cent. of the total under this head. The following statement shows the imports under the several sub-heads of mineral oils:—

It is difficult to estimate exactly the effect of the increase of duty on *kerosene* oil from 1 to 1½ annas, which occurred towards the close of the previous year, owing to the unsettling of the market by the rate war which originated in Europe but speedily spread to the Indian markets. This war led to the cutting of prices and lower offtake by the competing companies, as a natural consequence of which consumption increased, being stimulated at the same time by the general prosperity of the country and a rise in the price of vegetable oils.

The United States of America were the chief sufferers from the rate war and the increase of duty, which placed them at a great disadvantage compared with the Burma Companies and their imports, which had been steadily advancing up to the previous year when they received a slight check, fell off by 31 per cent. Russian oil on the other hand, which had dropped 75 per cent. in 1909–1910, showed a remarkable recovery, its imports increasing by over 2,000,000 gallons. This was due to its low price, which made it profitable for the steamers of the Asiatic Petroleum Company after discharging their benzine cargoes in Europe to return with Russian oil to India.

Imports of *lubricating oils* advanced by 51 per cent. in quantity and 38 per cent. in value in spite of large importations from Burma. Imports of foreign *Petrol* or *motor spirit and benzine* amounted to only 42 gallons valued at Rs. 12 against 13,052 gallons valued at Rs. 17,504 in the former year. The decline is due to larger imports of *Burma petrol*. The market has been practically captured by the Burma Companies who supplied 174,156 gallons as against 86,920 gallons in 1909–10.

VI.—RAW MATERIALS AND UNMANUFACTURED ARTICLES.

The total value of imports under this head fell by Rs. 2·86 lakhs.

The imports of foreign *coal* declined considerably, only 4,460 tons being imported as against 29,575 tons in the previous year as coal from Bengal and Hyderabad is being used in its place. The imports of Bengal coal also declined in quantity by 69,575 tons and in value by Rs. 5·55 lakhs, the reduced imports being due to the conveyance of the coal by rail instead of by sea. *Patent fuel* fell off by Rs. ·22 lakhs. Imports of *raw hides and skins* for local tanning improved by 4,195 cwts. in quantity and Rs. 2·19 lakhs in value, raw hides being imported more largely from the Straits Settlements and raw skins from Ceylon. Imports of *teakwood* showed a net contraction from 3,675 c. tons valued at Rs. 3·50 lakhs to 3,186 c. tons valued at Rs. 2·99 lakhs as a result of smaller imports from Siam (—767 c. tons) and larger imports from Java (+102 c. tons). The deficiency was however more than counterbalanced by larger imports from Burma, which supplied 44,851 c. tons valued at Rs. 7·24 lakhs against 40,411 c. tons valued at Rs. 35·32 lakhs in the previous year. Imports of *other timber* fell by 1,977 c. tons in quantity and Rs. 1·35 lakhs in value owing to smaller imports of *jarrah wood sleepers* from West Australia and *palmyra rafters* from Ceylon.

Cotton goods, representing 32 per cent. of the total value of all foreign imports, showed an advance of 24 per cent. over the previous year. Although the year 1908-1909 had seen very heavy imports in almost all classes of cotton goods, the off-take was below the normal with the result that at the beginning of 1909-1910 the market was greatly over-stocked and imports were curtailed throughout the whole of that year. In these circumstances the year now under review opened with reduced stocks and fair prospects, which were however not immediately realised owing to importers holding off in anticipation of the price of cotton falling, later on in the year, from the high level it had reached. Contrary to expectation prices ruled only a little easier in October and importers, finding that there was little likelihood of any abatement in the Lancashire rates, hastened to replenish their stocks, which had fallen very low. Business nevertheless was never very brisk owing to the prevalence of high prices and the consequent disinclination of dealers to carry over a large stock of goods into the season of the following year's cotton crop.

Cotton twist and yarn.—Cotton twist and yarn increased by 573,390 lbs. or 7 per cent. in quantity and Rs. 19·07 lakhs or 25 per cent. in value, which represents a rise of 17 per cent. in the specific value of the article. *Grey yarns* fell by 724,580 lbs or 18 per cent. in quantity, but the value rose by ·6 lakh or 2 per cent. Counts up to 40 showed a decline owing to heavy stocks, while those above 40 showed an increase. The decline under the common counts 31 to 40 was 625,265 lbs. or 26 per cent. Under *coloured yarns* there was an increase of 842,016 lbs. or 24 per cent. in quantity and Rs. 11·40 lakhs or 34 per cent. in value, almost all the counts and colours sharing in the improvement. *Mule twist* and other yarns increased by 455,304 lbs or 42 per cent. in quantity and Rs. 7·01 lakhs or 61 per cent. in value. The United Kingdom supplied 98 per cent. of the yarn imported.

Cotton piece-goods.—Imports of cotton piece-goods advanced by 13 per cent. in quantity and 24 per cent in value. All the three varieties of grey, white, and coloured piece-goods shared in the increase, which was however most marked in the case of coloured goods. The average value rose from As. 2-10 to As. 3-1.

Grey piece-goods improved by 3 per cent. in quantity and 10 per cent. in value. The increase was mainly under *longcloths and shirtings* (+ Rs. 8·45 lakhs) and

jaconets, including madapollams, mulls and cambrics (+ Rs. 3·83 lakhs). The increase of Rs. 10·01 lakhs under white piece-goods was mainly under *jaconets*. Under coloured piece-goods, the increase of Rs. 27·27 lakhs or 46 per cent. was distributed amongst all sub-heads, the most prominent being *prints and chintz* (+ Rs. 16·20 lakhs) and *saris and scarves* (+ Rs. 7·13 lakhs).

Other cotton fabrics.—The increase of Rs. ·57 lakh under this head was distributed over many items, the most noticeable being *cotton sewing thread*, the value of which rose from Rs. 1·29 lakhs in 1909–1910 to Rs. 1·44 lakhs.

Jute and wool.—The imports of *jute manufactures* rose from Rs. 6·04 lakhs to Rs. 6·63 lakhs, the increase being due to larger imports of old gunny bags from Ceylon owing to larger exports of rice to that colony. *Woollen manufactures* improved from Rs. 5·19 lakhs to Rs. 5·95 lakhs. The increase occurred mainly under *woollen piece-goods*, which rose from 253,223 yards valued at Rs. 2·80 lakhs to 316,385 yards valued at Rs. 3·64 lakhs, the United Kingdom being the chief source of supply.

B.—APPAREL.

The total value of imports under this head was the largest on record and showed an advance of Rs. 5·31 lakhs or 13 per cent. over those of the previous year. The value of imports of *gold and silver thread*, the whole of which was supplied by France, rose from Rs. 26·21 lakhs to Rs. 30·08 lakhs, testifying to the popularity of hand-made cloths embroidered with gold and silver thread in times of prosperity. *Haberdashery and millinery* improved by Rs. 1·26 lakhs. Of the total imports, the United Kingdom supplied *apparel (including drapery, etc.)*, to the value of Rs. 1·55 lakhs, *boots and shoes* Rs. 1·21 lakhs, *haberdashery and millinery* Rs. 5·18 lakhs and *hats and caps* Rs. 1·11 lakhs.

C.—OTHER ARTICLES.

The total imports of other manufactured articles expanded by 13 per cent. *Paper and pasteboard* advanced by Rs. 1·51 lakhs owing to larger imports of *writing paper and envelopes* from the United Kingdom. *Glass and glassware* improved by Rs. 2·60 lakhs, the advance being shared by *glass bangles, beads and false pearls* and *lampware*. The increase of Rs. 1·25 lakhs under *instruments* is attributable to larger imports of those of an electrical description. Under *carriages and carts, cycles* improved from Rs. 4·13 lakhs to Rs. 5·19 lakhs, and *motor cars and motor cycles* from Rs. 4·49 lakhs to Rs. 6·24 lakhs. *Matches* showed a slight improvement of Rs. ·30 lakh, chiefly in imports from Sweden. The decline of Rs. ·80 lakh under *arms and ammunition* was mainly under *dynamite and all other explosives*. The value of imported *cement* rose from Rs. 4·21 lakhs to Rs. 6·52 lakhs. The increase in the value of *articles imported by post* amounted to Rs. 2·67 lakhs.

EXPORTS.

FOREIGN MERCHANDISE.

The value of re-exports advanced from Rs. 14·43 lakhs in 1909–1910 to Rs. 18·77 lakhs. *Cotton piece-goods*, which formed 46 per cent. of the total, rose from 2,148,922 yards valued at Rs. 5·42 lakhs to 3,202,696 yards valued at Rs. 8·39 lakhs, Ceylon, the Straits Settlements and the Federated Malay States absorbing respectively Rs. 2·88, 3·72 and 1·18 lakhs against Rs. 2·05, ·71 and ·54 lakhs in the previous year. Other principal items, which entered into the re-export trade, were *articles re-exported by post* Rs. 3·58 lakhs, *apparel* ·77 lakh and *carriages* ·73 lakh against Rs. 2·34, ·50 and ·25 lakhs respectively in the previous year.

The increase of Rs. 5·17 lakhs was due to shipments to Ceylon of larger number of goats and sheep and of high priced cattle. Ceylon imported animals to the value of Rs. 16·02 lakhs and the Straits Settlements to the value of Rs. 2·79 lakhs against Rs. 11·05 and Rs. 2·22 lakhs respectively in the previous year.

Exports of coffee, which took the fifth place among the staple products exported from this Presidency, showed a marked improvement, rising in value by 21 per cent. and in quantity by 16 per cent.

The recovery was mainly due to poor harvests in Brazil, which supplies three-fourths of the world's crop and governs the market. The diminished output led to widely speculative buying and a consequent advance in prices, of which advantage was taken by exporters from this Presidency, where crops were good. The average value rose from Rs. 47-4-0 to Rs. 49-2-0 per cwt. Shipments to the United Kingdom, which is a distributing agent for America, declined from 47 per cent. to 30 per cent. while those to France, which consisted of lower grades, rose from 33 to 43 per cent. The increase in the exports to France and Austria-Hungary was due to a steady increase in consumption in those countries.

Fruits and vegetables.—The total value of exports of fruits and vegetables advanced from Rs. 80·13 to Rs. 92·59 lakhs. Exports of cocoanut kernel or copra, the chief item under this sub-head, which in the previous year had reached the abnormal quantity of 532,170 cwts. receded to 425,892 cwts. but there was a very striking rise in the value from Rs. 74·18 to Rs. 78·26 lakhs. Owing to the increasing demand for this article, which is largely used in the manufacture of edible fats, artificial butter and similar products, its price has been steadily advancing, although the high figures of the past year are chiefly due to the dearness of lard and cotton seed oil, which resulted in a general shortage of fats of all kinds. The average value rose from Rs. 13-15-0 to Rs. 17-9-9 per cwt. Exports to Germany amounted to 340,444 cwts. valued at Rs. 61 lakhs against 368,714 cwts. valued at Rs. 52·77 lakhs. France, Russia and Belgium absorbed copra to the value of Rs. 9·30, 4·40 and 1·94 lakhs against Rs. 8·58, 3·45 and 7·06 lakhs in the previous year. Exports coastwise amounted to 89,159 cwts. valued at Rs. 17·79 lakhs against 97,429 cwts. valued at Rs. 16·42 lakhs. Exports from Travancore amounted to 13,306 cwts. valued at Rs. 3·48 lakhs. The following table shows in detail the exports of the several products of the cocoanut palm to foreign countries during the past three years.

Rice and paddy represented, as in the previous year, 99 per cent. of the total value of food-grains exported from India, showing an increase of 102,137 cwts. or 8 per cent. in quantity and of Rs. 1·54 lakhs or 1 per cent. in value. The area under rice cultivation was 2 per cent. more than in the previous year and the crops were estimated at 3,025,950 tons against 2,967,800 tons. Exports of paddy to Ceylon increased by 113,857 cwts or 33 per cent. in quantity and by Rs. 2·32 lakhs or 21 per cent in value, while those of rice increased in quantity by 30,804 cwts. or 2 per cent., but decreased in value by Rs. 2·53 lakhs or 2 per cent. owing to lower range of prices. The exports of rice to Mauritius also rose by 38,181 cwts. or 25 per cent. in quantity and by Rs. 1·50 lakhs or 16 per cent. in value. Owing to good crops in this Presidency, the imports from the other provinces especially from Burma declined from 10,572,283 cwts. valued at Rs. 437·64 lakhs to 7,161,855 cwts. valued at Rs. 295·36 lakhs. The statement below shows the prices of rice and paddy during the past ten years :—

The fluctuations under other grains are small and call for no remarks.

Liquors.—A quantity of 217,131 gallons of country spirit, especially *mhowra arrack*, was exported from the ports of Cocanada, Tuticorin and Cuddalore to Ceylon owing to a strike in that colony.

Provisions.—The total value of provisions exported amounted to Rs. 40·08 lakhs against Rs. 32·34 lakhs in 1909-10. *Dry fish, salted and unsalted*, was the principal item with a value of Rs. 24·33 lakhs against Rs. 18·72 lakhs. *Dried fruits*, especially tamarind and cashew nuts, accounted for Rs. 5·66 lakhs against Rs. 5·89 lakhs. Of the total value of provisions, Ceylon took Rs. 26·50 lakhs and the Straits Settlements Rs. 3·99 lakhs against Rs. 20·09 and Rs. 3·19 lakhs respectively in the previous year.

Spices.—The exports of spices rose from 21·60 million pounds valued at Rs. 48·53 lakhs to 21·85 million pounds valued at Rs. 52·64 lakhs, an increase of 2 per cent. in quantity and 8 per cent in value. The principal sub-heads are shown below :—

Pepper with a total value of Rs. 28·51 lakhs recorded an advance of Rs. 3·23 lakhs or 12 per cent. in value and of 464,518 lbs. or 4 per cent. in quantity. A noteworthy feature of the pepper trade was that France took 3,649,862 lbs valued at Rs. 10·03 lakhs against 175,900 lbs. valued at ·40 lakh in the previous year. Since 1901–1902 shipments to France had declined gradually as that country admitted French colony grown pepper at a lower rate of duty than foreign grown pepper, but towards the end of 1910–11, Havre speculators started a "Terme" market and imported a large quantity of Tellicherry pepper. Shipments to Germany declined by Rs. 2·95 lakhs owing, it is stated, to enhanced rate of duty on pepper. The United Kingdom, Italy and the United States of America took to the value of Rs. 1·65, 6·90 and 4·08 lakhs against Rs. 2·89, 5·69 and 6·92 lakhs respectively in the previous year. Exports of *ginger* rose by 43 per cent. in quantity and 50 per cent. in value Shipments to the United Kingdom, Germany and the United States of America amounted to Rs. 4·34, 1·71 and 1·74 lakhs respectively against Rs. 3·46, ·39 and 1·30 lakhs in 1909–10. *Chillies* at Rs. 12·67 lakhs showed a fall of Rs. 1·72 lakhs due to small crops. Ceylon and the Straits Settlements took Rs. 11·99 and ·53 lakhs against Rs. 11·31 and Rs. 3·03 lakhs in 1909–10. Exports coastwise also decreased by Rs. 0·88 lakhs

Sugar.—Exports of sugar, 97 per cent. of which was unrefined sugar, advanced from 113,719 cwts to 171,754 cwts. or by 45 per cent. in quantity and from Rs. 7·44 lakhs to Rs. 11·38 lakhs or by 59 per cent. in value. The area planted was larger than in the previous year and the yield was estimated at 87,100 tons as compared with 81,900 tons reported last year. The increase in the exports was due to the high prices ruling in the British markets in the earlier part of the year owing to dearness of beetroot, the average value being Rs. 6–12 per cwt. as compared with Rs 6–3 in 1909–10. Shipments to the United Kingdom and Ceylon amounted respectively to Rs 9·27 lakhs and Rs. 2·42 lakhs against Rs. 5·03 and 2·29 lakhs in the previous year.

Tea.—The exports were distributed as follows :—

	Average of five years ending 1907–1908.		1908–1909.		1909–1910.		1910–1911.		Increase or decrease over 1909–1910.

The record figures of the previous year's tea export trade were exceeded in the year under review both in volume and value, the expansion being 5 per cent. and 6 per cent, respectively. There was an increasing demand for British grown teas, especially of the lower grades, owing to increased consumption in Great Britain and abroad, particularly in Russia where, with growing prosperity since the war with Japan, Indian and Ceylon teas have been coming more and more into favour. The shipments to the United Kingdom declined from 56 to 51 per cent while those to Ceylon rose from 22 to 25 per cent. and those to Canada from 22 to 24 per cent. The diminished shipments to the United Kingdom and the increased shipments to Ceylon were due to the extensive purchases made on the spot by colonial and foreign buyers, especially Russian, in Calcutta and Colombo. The increase in the exports to Canada is attributable to direct shipments. The average price per lb. rose from 10 annas 10 pies to 10 annas 11 pies. There were no exports of green tea during the year.

III.—METALS AND MANUFACTURES OF METALS.

Manganese ore is the principal item under this head. Exports amounted to 864,000 cwts. valued at Rs. 3·47 lakhs as compared with 1,352,000 cwts. valued at Rs. 5·53 lakhs, a decrease of 36 per cent. in quantity and 37 per cent. in value, the decrease being due to the competition of Russian manganese ore in the European markets

IV.—CHEMICALS, DRUGS, MEDICINES AND NARCOTICS, AND DYEING AND TANNING MATERIALS.

The total value of this class dropped from Rs. 79·91 lakhs to Rs. 29·87 lakhs or by 2 per cent. *Chinchona bark* again declined by 1t0 cwts. or by 5 per cent., the local bark industry being unable to compete with Java. "Under other" sorts of drugs and medicines" *senna leaves* and *nux-vomica* were the principal items, and the value of their exports increased from Rs. 5 lakhs and Rs. 1·49 lakhs in 1909–10 to Rs. 6·66 and Rs. 1·87 lakhs, respectively.

The trade in *leaf tobacco* advanced in quantity from 1,444,632 lbs. to 1,670,842 lbs. or by 16 per cent. and in value from Rs. 2·78 lakhs to Rs. 3·19 lakhs or by 15 per cent. The bulk of the shipments was to the Straits Settlements and the Federated Malay States, which together took 1,621,543 lbs. valued at Rs. 3·05 lakhs against 1,396,212 lbs. valued at Rs. 2·64 lakhs in the previous year.

Cigars increased in quantity from 691,507 lbs. to 704,791 lbs. or by 1 per cent. but decreased in value from Rs. 5·57 lakhs to Rs. 4·32 lakhs or by 22 per cent. owing to the larger shipment of low grade cigars, the average value having fallen from 12 annas 9 pies to 9 annas 10 pies. Exports to the Straits Settlements increased from Rs. 1·83 lakhs to Rs. 2·10 lakhs or by 15 per cent. while those to the United Kingdom, which consisted chiefly of high-priced cigars, fell by Rs. 1·45 lakhs or by 72 per cent., a decline that may be attributed to the increased cost of production following on the imposition of duty upon foreign leaf tobacco, the higher classes of which supply the outer leaf of the better Indian made cigars.

The total value of Dyeing and Tanning materials declined by Rs. 1·25 lakhs or by 9 per cent. The trade in *indigo* further decreased from 3,655 cwts. to 2,364 cwts. or by 35 per cent. in quantity and from Rs. 5·45 lakhs to Rs. 3·92 lakhs or by 28 per cent. in value. The total area under indigo was 25 per cent. less than the area in the previous season. This decrease is reported to be due to a reduction in the demand for natural indigo on account of the introduction of the synthetic dye and in some districts to a preference for the cultivation of groundnuts. Shipments to the United Kingdom, Austria-Hungary and Persia declined from 303, 382 and 582 cwts. in 1909–1910 to 82, 150 and 231 cwts. or by 83, 56 and 60 per cent. respectively, while on the other hand those to Egypt advanced from 1,504 cwts. to 1,726 cwts. or by 10 per cent.

The trade in *myrabolams* showed a slight increase from Rs. 4·44 lakhs to Rs. 4·56 lakhs. The United Kingdom, Germany and the United States of America absorbed Rs. 3·07, 1·05 and ·15 lakhs against Rs. 2·72, ·17 and 1·44 lakhs in the previous year.

Exports of *turmeric* declined from 31,519 cwts. to 24,858 cwts. or by 21 per cent. in quantity and from Rs. 2·77 lakhs to Rs. 2·71 lakhs in value or by 2 per cent. The chief consumers were Ceylon, the Straits Settlements and the United States of America, which respectively took Rs. 1·03 lakhs, ·63 lakh and ·52 lakh.

V.—OILS.

The total value of exports under this head showed a decrease of Rs. ·94 lakh or 2 per cent. Exports of *lemon-grass oil*, which is the only essential oil that is shipped to any extent and for which a steadily increasing demand has led to a rise in price, expanded from 11,815 gallons valued at Rs. 1·89 lakhs to 12,570 gallons valued at Rs. 2·36 lakhs. Under vegetable oils the bulk of exports was claimed by *cocoanut oil*, which formed 81 per cent. of total shipments of all oils. The poor output of cotton-seed oil which caused an unprecedented demand for cocoanut oil, combined with unusual speculations in the latter article, forced prices up to a high level during the year, although there was a slight falling off towards its close. The average declared value rose from Rs. 1–3–0 to Rs. 1–13–0 per gallon—the highest rate on record. Although the exports of this oil were larger than the average of the last five years, they however receded from 2,198,201 gallons to 1,330,237 gallons or by 24 per cent. in quantity and from Rs. 37·0 lakhs to Rs. 33·05 lakhs or 8 per cent. in value as compared with the previous year. The United Kingdom and Sweden increased their demands from Rs. 4·79 lakhs and Rs. 1·23 lakhs to Rs. 5·90 lakhs and Rs. 3·26 lakhs, respectively, while Germany, Belgium and the United States of America decreased theirs from Rs. 14·78 lakhs, Rs. 6·22 lakhs and Rs. 8·89 lakhs to Rs. 12·63 lakhs, Re. 1·88 lakhs and Rs. 8·78 lakhs, respectively. Exports of *castor* and *earthnut oils* amounted to 107,849 gallons and 146,227 gallons respectively as against 116,453 gallons and 75,313 gallons in 1909–1910.

VI.—RAW MATERIALS AND UNMANUFACTURED ARTICLES.

The total value of this class increased from Rs. 747·32 lakhs to Rs. 829·41 lakhs or by 11 per cent. The following table gives the value of the exports of the leading commodities of this group:—

Raw materials.	Average of five years ending 1907-1908.	1908-1909.	1909-1910.	1910-1911.	Increase or decrease over 1909-1910.

Bristles and fibre for brushes and brooms.—This sub-head was almost entirely made up of *palmyra fibre* exported chiefly from Cocanada, Tuticorin and Calicut. The trade advanced from Rs. 14·75 lakhs to Rs. 15·23 lakhs or by 3 per cent., the chief consumers being Germany, Belgium and the United Kingdom. Germany and Belgium increased their demands from Rs. 4·65 lakhs and Rs. 3·92 lakhs to Rs. 5·60 lakhs and Rs. 4·54 lakhs, respectively, while the United Kingdom decreased hers from Rs. 4·57 lakhs to 2·76 lakhs. Exports of *palmyra fibre* from Travancore amounted to 15,975 cwts. valued at Rs. 2·29 lakhs.

Caoutchouc.—Exports advanced from 376 cwts. to 1,414 cwts. in quantity and in value from Rs. 1·95 lakhs to 5·13 lakhs due to rubber cultivation in the Southern India and Travancore. A still larger increase may be expected next year as the new plantations reach the "tapping" stage. Ceylon and the United Kingdom took Rs. 6·47 lakhs and Rs. 1·63 lakhs against Rs. 1·79 lakhs and Rs. ·14 lakh in the previous year.

Among staple articles exported, cotton, raw, took the first place, representing 50 per cent. of the total value of raw materials exported against 42 per cent. in the previous year, the value being the largest on record. The exports showed an increase of 5 per cent. in quantity and 30 per cent. in value, the rise in the specific value being 24 per cent. A noteworthy feature of the cotton trade was the high prices for the raw material that ruled throughout the year. This advance was primarily due to the short crops of the American crop on which the Lancashire mills are practically dependent. The prices of Indian cotton rose in consequence of the shortage in other sources of supply and the area under cultivation having been increased owing to the high prices obtained in the previous year and the favourable season having produced a good crop, the season was on the whole exceptionally prosperous. The average declared value per cwt. was Rs. 31 to Rs. 45 per cwt. Shipments to the United Kingdom rose by 24 per cent. Its increased demand by 120 per cent., Austria-Hungary by 24 per cent. and Germany and France by 6 per cent., while exports to Belgium decreased by 2 per cent. in quantity though rising by 2·8 per cent. in value. Japan, whose share of the total trade was 3·2 per cent., took 28 per cent. less than in the

previous year. The distribution of trade under the three commercial varieties was Coconadas 150,393 cwts., Tinnevelly 475,913 cwts. and Northern and Westerns 345,672 cwts. against 166,892 cwts., 515,315 cwts. and 201,109 cwts. respectively in the previous year.

Fodder, bran and cattle-food.—Exports of *oil-cake* which formed the chief item under this sub-head showed a decrease of 32,247 cwts. in quantity and Rs. 1·06 lakhs in value. Ceylon increased her imports by Rs. 2·51 lakhs while Germany decreased hers by Rs. 3·30 lakhs.

Hemp.—Exports advanced from 36,860 cwts. to 42,578 cwts. or 16 per cent. in quantity and from Rs. 4·24 lakhs to Rs 5·23 lakhs or 24 per cent. in value owing to the popularity of Indian hemp. The United Kingdom and Italy took to the value of Rs. 2·74 lakhs and Rs. 2·20 lakhs against Rs. 2·13 lakhs and Rs 2·05 lakhs in 1909–1910.

Exports of *raw hides* fell by 519 cwts. or 71 per cent. in quantity and by Rs. 27 lakh, or 73 per cent. in value, while shipment of *raw skins* showed a drop of 45 per cent. in quantity and 43 per cent. in value. *Goat skins*, which formed 88 per cent. of the total exports of raw skins, declined from 65,115 cwts. to 36,710 cwts. or by 42 per cent. in quantity and from Rs. 63·73 lakhs to Rs. 40·04 lakhs or by 42 per cent. in value, the decrease being chiefly in shipments to the United States of America and the United Kingdom. The fall in the exports of raw goat skins is attributable to a fall in the demand from America owing to the high prices ruling for raw skins in India and to the low prices for finished goods in America. With trade dull and restricted in America, which is the principal centre for raw goat skins, the demand from the United Kingdom fell in sympathy. America and the United Kingdom decreased their demands by 43 and 72 per cent. respectively, while France and Australia increased theirs by 70 and 35 per cent respectively. The average value of goat skins rose from As. 15–1 to As. 15–6 per lb. Exports of *sheep skins* likewise dropped from 3,433 cwts. valued at Rs 2·83 lakhs to 947 cwts. valued at Rs ·55 lakh. The average value rose from As 11-9 to As. 12-3 per lb.

Manures.—There was a smart recovery from the diminished trade of the previous year in manures and shipments increased from 44,313 tons to 48,215 tons or by 9 per cent. in volume and from Rs. 25·76 lakhs to Rs. 28·27 lakhs or by 10 per cent. in value. *Animal bones* declined by Rs. 1·84 lakhs in value, while *fish-manure* and *oil-cake manure* advanced by Rs. 3·04 lakhs and Rs. 1·31 lakhs. Of the total exports, Ceylon took animal bones to the value of Rs. 3·11 lakhs, fish manure to the value of Rs. 6·26 lakhs and oil-cake manure to the value of Rs. 11·49 lakhs, as compared with Rs. 2·65 lakhs, 3·11 lakhs and 8·93 lakhs respectively in the previous year. The Straits Settlements and Java took oil cake manure of the value of Rs. 1·85 and Rs. 1·02 lakhs as against Rs 1·46 and Rs. 1·83 lakhs in the previous year.

Mica.—Exports of mica unproved from 3,151 cwts. valued at Rs. 2·31 lakhs to 4,751 cwts. valued at Rs. 3·40 lakhs, an increase of 51 per cent. in quantity and 46 per cent. in value. The average value fell from Rs. 74 to 72 per cwt. The United Kingdom took Rs. 2·78 lakhs as against Rs. 2·09 lakhs in 1909–10.

Seeds.—Seeds consisting almost entirely of oil-seeds represented 30 per cent. of the entire export trade in raw materials. The volume of trade amounted to 8,142,788 cwts., valued at Rs. 251·87 lakhs as against 8,350,188 cwts. of the value of Rs. 249·08 lakhs in 1909–10. This marks a decrease of 6 per cent. in quantity and an increase of one per cent. in value. The quantities and values of the principal descriptions of seeds exported are shown below:—

Essential seeds.—There was an increase of 18 per cent. in quantity and 85 per cent. in value due to larger shipments of *coriander* seeds to Ceylon and the Straits Settlements.

Castor seeds.—The figures show a gradual decline since 1907–08. The falling off from the previous year was 43 per cent. in quantity and 31 per cent. in value, the decrease in quantity was mainly due to a contraction in the area cultivated. The average value rose from Rs. 6–8–8 to Rs. 7–14–6 per cwt.

Cotton seeds.—Exports advanced by 56 per cent. in volume and by 52 per cent. in value, owing to a scarcity of cotton seed in Europe and America and an absence of local demand for consumption as cattle food. The United Kingdom took 84 per cent. more than in the previous year.

Earthnut seeds.—The export trade in earthnuts which represented 83 per cent. of the exports of seeds rose by 3 per cent. in value, the average declared value rising from Rs. 7–11–0, to Rs. 8–2–0 per cwt. but declined by 2 per cent. in quantity, although the year's crop was returned at 254,230 tons as against 221,900 tons in the previous season. The destination of shipment was chiefly France, which accounted for 87 per cent. of the exports owing to increasing demands upon her for the oil from the United States. Belgium and Germany increased their imports by 213 per cent. and 91 per cent. respectively while the United Kingdom and Austria-Hungary took less by 96 per cent. and 35 per cent. respectively. Exports *viâ* Pondicherry amounted to 15,76,351 cwts. as against 17,97,329 cwts. in the previous year.

Sesamum seeds.—There was a decline in the exports by 62 per cent. in volume and 51 per cent. in value, chiefly due to a smaller outturn, the crop being estimated at 85,900 tons as compared with 45,500 tons in the previous season, although it is probable that the large exports of this seed to France and Germany from Manchuria somewhat curtailed the demand for the Indian variety. Shipments to France declined by 74 per cent. while those to Austria-Hungary increased by 16 per cent. The average value rose from Rs 7–5–0 to Rs. 9–9–0 per cwt.

Other sorts of seeds increased by 74 per cent. in quantity and by 83 per cent. in value, due to larger exports (+ Rs. 3·62 lakhs) of *Niger* seeds chiefly to the United Kingdom.

Silk.—Exports of raw silk declined from 659,550 lbs. valued at Rs. 8·58 lakhs to 360,481 lbs. valued at Rs. 2·30 lakhs owing to smaller shipments of *waste silk* to France. France and Italy absorbed to the value of Rs. 1·56 lakhs and Rs. ·55 lakh as against Rs. 2·71 lakhs and Rs. ·79 lakh in the previous year.

Wood.—Exports of wood rose by Rs. 6·50 lakhs to Rs. 16·13 lakhs owing to large shipments of *sandalwood*, which increased from Rs. 5·54 lakhs to Rs. 11·68 lakhs, the largest figure in the decade. Germany, France and the United States took *sandalwood* to the value of Rs. 5·85 lakhs, 1·79 lakhs and 2·86 lakhs respectively, as against Rs. 1·78 lakhs, ·77 lakh and 2·03 lakhs in the previous year. The bulk of the exports was from Mysore.

Exports of cotton twist and yarn declined by 78 per cent. in quantity and 18 per cent. in value, but were larger than the average exports of the previous five years. China, which is the chief consumer of Indian yarns, took 20 per cent. less than in the previous year, owing to the progress made in her own yarn industry and to the increasing competition of Japanese yarn. The market in China was also in rather a depressed condition as a result of the heavy losses sustained by merchants through gambling in rubber shares. Ceylon reduced her imports by 78 per cent in quantity and 66 per cent. in value.

Cotton piece-goods.—The following statement shows the quantities and values of piece-goods exported in the past three years:—

Exports of cotton piece-goods dropped by 4 per cent. in quantity, but rose by 3 per cent. in value as prices of all cotton goods were at a high level. *Grey piece-goods* fell by 70 per cent in quantity and by 66 per cent. in value, the average value rising from As. 2–6 to As. 3–9 per yard. Shipments to China declined from 2,192,911 yards valued at Rs. 3·12 lakhs to 210,183 yards valued at Rs. ·36 lakh. On the other hand, *coloured piece-goods* advanced by 4 per cent. in volume and 6 per cent. in value. Shipments to the Straits Settlements increased in quantity by 20 per cent. and in value by 18 per cent., the increased demand being chiefly for cloths for the Indian coolies, who are now working in large numbers on the rubber estates. The increased duties imposed under the Payne tariff had considerable effect on the exports to the Philippines, which declined by 66 per cent. in value.

Handkerchiefs.—The export trade in handkerchiefs made by hand looms advanced by Rs. 1·89 lakhs to Rs. 10·81 lakhs or by 21 per cent., the United Kingdom taking Rs. 10·69 lakhs as compared with Rs. 8·93 lakhs in the previous year. The increase was due to greater demand for the hand loom products owing to their coarseness, durability and variety of patterns.

Woollen goods.—Exports of woollen goods increased from Rs. 3·38 lakhs to Rs. 3·49 lakhs. The trade in woollen *carpets and rugs* slightly recovered from the depressed condition of the previous year and exports advanced from 297,979 lbs. valued at Rs. 1·91 lakhs to 400,201 lbs. valued at Rs. 2·44 lakhs, the United Kingdom being the chief customer.

The trade in coir matting and yarn failed to reach the record figures of the previous year and exports receded by 5 per cent. in quantity and 5 per cent. in value. Comparison with the figures for the previous five years shows, however, that the trade is steadily expanding. Germany increased her share in the trade from 29 per cent. to 33 per cent., while the United Kingdom took 24 per cent as compared with 26 per cent. in the previous year. Exports from Travancore amounted to 87,799 cwts valued at Rs. 9·36 lakhs.

The total exports of *tanned hides and skins* taken together fell by 6 per cent in volume, but increased by 3 per cent. in value. Exports of *hides* fell by 26,795 cwts. or by 17 per cent. in quantity and by Rs. 18·63 lakhs or by 16 per cent. in value. Shipments of *tanned skins*, on the other hand, expanded by 10 per cent. in quantity and by 14 per cent. in value. Owing to the fall in the demand for raw goat skins from America, the skins that were left over were tanned locally and shipped to the London market on speculation. The United Kingdom continued to take the greater part of both classes, her share in hides being 99 per cent., while in skins her percentage of the total advanced from 72 per cent. to 77 per cent. Japan took 56 per cent. more than in the previous year, while the United States and Belgium took 23 and 39

per cent. respectively less than in the previous year. The total trade in goat and sheep skins and the average value per lb. for the same are given below :—

Other minor items.—Exports of *paints and colors* decreased by Rs. ·51 lakh owing to a shrinkage in *graphite* shipments from 42,805 cwts. valued at Rs. 3 lakhs to 34,784 cwts. valued at Rs. 2·41 lakhs. The bulk of the shipments was for the United Kingdom. *Articles exported by post* improved by Rs. 5·03 lakhs to Rs. 22·89 lakhs

The trade with the British Empire, which represented 61·56 per cent. of the aggregate trade as compared with 60·85 per cent. in the previous year, advanced by Rs. 189·13 lakhs or 11 per cent. The value of imports rose by Rs. 89·87 lakhs or 12 per cent. and of exports by Rs. 99·26 lakhs or 9 per cent. The trade with other foreign countries advanced by Rs. 84·58 lakhs or 8 per cent., imports increasing by Rs. 27·34 lakhs and exports by Rs. 57·24 lakhs.

BRITISH EMPIRE.

United Kingdom.—The trade with the *United Kingdom* represented 41·35 per cent. of the total trade as compared with 40·89 per cent. in the previous year and showed an advance of Rs. 120·72 lakhs or 11 per cent. Imports rose by Rs. 87·03 lakhs or 14 per cent and exports by Rs. 39·69 lakhs or 7 per cent. The increase in the import trade was chiefly due to heavy imports of cotton piece-goods (+Rs. 46·03 lakhs), cotton twist and yarn (+ Rs. 19·24 lakhs), locomotive engines and tenders for railways (+ Rs. 10·76 lakhs) and metals (+ Rs. 7·92 lakhs). The increase in the export trade was brought about by larger shipments of raw cotton (+ Rs. 50·57 lakhs), tanned skins (+ Rs. 32·07 lakhs), and sugar (+ Rs. 4·24 lakhs), which were however partly counterbalanced by smaller exports of tanned hides (— Rs. 17·63 lakhs), coffee (— Rs. 12·09 lakhs), seeds (— Rs. 9·71 lakhs) and raw skins (— Rs. 6·88 lakhs).

Ceylon.—The trade with *Ceylon* advanced by Rs. 41·30 lakhs or 11 per cent., the improvement being mainly in exports, which increased by Rs 36·63 lakhs. The chief articles contributing to the increase were tea (+ Rs 6·16 lakhs), manures (+ Rs. 5·81 lakhs), fish, salted and unsalted (+ Rs. 5·64 lakhs), living animals (+ Rs. 4·97 lakhs), caoutchouc (+ Rs. 4·67 lakhs), postal articles (+ Rs. 2·92 lakhs) and oil-cake (+ Rs. 2·64 lakhs). An increased demand for betel-nuts caused an advance in imports of Rs. 4·67 lakhs.

Straits Settlements.—The trade improved by Rs. 12·76 lakhs or 11 per cent. Larger imports of raw hides and betelnuts accounted for the increase of Rs. 2·60 lakhs in the import trade, while the improvement of Rs. 10·16 lakhs in the export trade was the result of heavier shipments of coloured piece-goods by Rs. 5·31 lakhs, of essential seeds by Rs. 1·02 lakhs and of fresh vegetables, chiefly onions, by Rs 93 lakh

Other countries in the British Empire.—The increase of Rs. 3·05 lakhs in the trade with the *Federated Malay States* was due to greater exports of coloured piece-goods and postal articles. The imports of coal from *Natal* were less by Rs. 2·86 lakhs and a smaller supply of railway sleepers was drawn from *Western Australia*. *Canada's* demand for tea rose by Rs. 3·48 lakhs, while heavier shipments of rice, earthnut-oil and coloured piece-goods to *Mauritius* accounted for the increase of Rs. 3·89 lakhs in the export trade with that country.

CONTINENTAL EUROPE.

The trade with the Continent of Europe (excluding the United Kingdom) increased by Rs. 133·65 lakhs or 18 per cent., nearly all countries showing an increased trade. Both imports and exports advanced, the former by Rs. 20·37 lakhs and the latter by Rs. 113·28 lakhs. The trade with *Russia* improved by Rs. 9·28 lakhs as the result of larger imports of kerosene-oil and greater shipments of copra. *Sweden* supplied more iron than in the previous year and took in larger quantity of cocoanut oil and raw cotton. The trade with *Germany* advanced by Rs 8·61 lakhs under imports and by Rs. 21·33 lakhs under exports. Metals were chiefly responsible for the increase in imports, while exports of raw cotton rose by Rs 9·20 lakhs, copra by Rs. 8·23 lakhs, seeds by Rs. 4·14 lakhs, sandalwood by Rs. 3·67 lakhs, and coffee by Rs 2·20 lakhs. On the other hand shipments of oil-cake fell off by Rs. 3·80 lakhs, of pepper by Rs. 2·95 lakhs and of cocoanut oil by Rs. 2·15 lakhs. Larger exports of coffee raised the value of trade with *Holland* by Rs. 2·20 lakhs. The increase of Rs. 3·45 lakhs in the import trade with *Belgium* was spread over many items, while that of Rs. 15·02 lakhs in the export trade was largely due to a rise in the value of raw cotton (+ Rs 10·90 lakhs) and to greater shipments of seeds (+Rs. 2·25 lakhs). Purchases of copra and cocoanut oil, however, were smaller by Rs. 5·07 lakhs and Rs 4·34 lakhs respectively. The trade with *France* improved by Rs. 47·65 lakhs or 16 per cent. Imports of gold and silver thread, rose by Rs. 3·87 lakhs, while there was expansion in the exports of coffee (+ Rs. 25·26

lakhs), pepper (+Rs. 9·63 lakhs), raw skins (+ Rs. 5·55 lakhs) and raw cotton (+Rs. 3·72 lakhs). Heavier shipments of raw cotton swelled the trade with *Spain*. Raw cotton and pepper contributed to the increase in the export trade with *Italy*. *Austria-Hungary* supplied less beet-sugar (—2·88 lakhs) but purchased more coffee (+2·51 lakhs) and raw cotton (+Rs. 7 lakhs) than in the previous year.

ASIA.

The trade with Asiatic ports, other than British, improved by Rs. 2·95 lakhs or 1 per cent. Imports advanced by Rs. 17·66 lakhs or 52 per cent., while exports declined by Rs. 14·71 lakhs or 7 per cent. Imports of kerosene-oil from Sumatra and Dutch Borneo expanded by Rs. 8·53 lakhs while the import of refined cane sugar from Java advanced in value by Rs. 12·11 lakhs. The decline in the trade with the *Philippines* was due to smaller shipments of coloured piece-goods. The export trade with *China* fell as a result of smaller shipments of cotton twist and yarn and grey piece-goods. *Japan* took less raw cotton and more tanned skins than in the previous year, the result being a net decrease of Rs. 7·14 lakhs in the export trade with that country.

AFRICA.

The total trade with Africa fell by Rs. ·43 lakh, although there was an increase of Rs. ·40 lakh in the *Egyptian* trade.

AMERICA.

The trade with America, which was practically confined to the United States, declined by Rs. 51·59 lakhs or 34 per cent., Rs. 9·88 lakhs being under imports and Rs. 41·71 lakhs under exports. The decrease in the import trade was in consequence of smaller imports of kerosene-oil (— Rs. 6·43 lakhs) and of tobacco, both unmanufactured and manufactured (—Rs. 2·14 lakhs), while that in the export trade was due to smaller shipments of raw skins (— Rs. 29·80 lakhs), tanned skins (— Rs. 4·68 lakhs), pepper (— Rs. 2·47 lakhs) and coir manufactures (— Rs. 2·22 lakhs).

The above is a comparative statement of the trade of this Presidency with the various countries under the two systems of registration (*i.e.*,) according to countries of shipment and discharge and according to countries of consignment and final destination. It has been decided by the Government of India with effect from 1st April 1911 to abandon the old system of registration by countries of shipment and discharge and to adopt permanently the system of registration according to countries of consignment and final destination. The above table will therefore not appear in future reviews.

Gold.—Imports of gold dropped by Rs. 60·33 lakhs or 55 per cent. Imports of sovereigns, which represented 53 per cent. of the gold imported, declined from Rs. 76·47 lakhs to Rs. 26·04 lakhs or 66 per cent. Imports of bar gold fell from 51,600 oz. valued at Rs. 35·02 lakhs to 36,065 oz. valued at Rs. 23·08 lakhs, a decline of 30 per cent. both in quantity and value. The decrease in both cases is attributable to the fact that large quantities intended for Madras were shipped from London to Bombay and thence railed to Madras. The demand for money in India was very active during the year, the rate of exchange falling away only during the summer months. The influx of gold was however largely prevented by the readiness displayed by the India Council in meeting the demand for remittances by increasing the sales of Council Bills. The sales amounted to approximately £25,000,000 as against a budget estimate of £16,500,000, which, taking into consideration the excess drawings of the previous year, testifies to the great difference which a poor or a bad monsoon makes to the Indian drawings. The India Council deemed it advisable to increase the gold reserve held in London, rather than to allow gold to accumulate in India. In the opening months of 1911, the demand was so active that bankers found it necessary to supplement the purchase of Council Bills by import of gold.

Of the total imports of gold, the United Kingdom supplied to the value of Rs 39·76 lakhs against Rs. 61·39 lakhs in the previous year. Ceylon and Australia supplied to the value of Rs. ·68 lakhs and ·75 lakh against ·75 and 46·38 lakhs in 1909-1910. Exports of gold were very small and call for no remark.

Silver.—Imports of silver rose by Rs 2·37 lakhs or 12 per cent Silver bars fell by 391,805 oz. to 859,359 oz. or by 31 per cent. in quantity and by Rs 4·42 lakhs or 22 per cent. in value. The average value rose from Rs. 1–9–9 to Rs. 1–13–3 per oz. owing to violent fluctuations in the price of silver last year as the result of speculative operations in Bombay. Imports of Government of India rupees rose from Rs. ·31 lakh to Rs 7·08 lakhs, chiefly from Ceylon. The United Kingdom supplied silver to the value of Rs. 15·66 lakhs as against Rs 20·10 lakhs in the previous year.

GOVERNMENT TRANSACTIONS (FOREIGN TRADE).

The total value of Government stores imported and exported amounted to Rs 31·27 lakhs and Rs ·61 lakh as compared with Rs 39·77 lakhs and Rs. 1·20 lakhs in the previous year. The fall of Rs 8·50 lakhs or 21 per cent. under imports was brought about by smaller imports of steel and iron (— Rs. 5·71 lakhs), drugs, medicines and narcotics (— Rs. 2·14 lakhs), hardware and cutlery (—Rs. 1·70 lakhs), instruments (— Rs. 1·24 lakhs), cotton piece-goods (— Rs. 1·17 lakhs), and machinery and millwork (—Rs. ·83 lakh). These decreases were however partly counterbalanced by larger imports of arms and ammunition (+ Rs. 3·30 lakhs), paper and pasteboard (+ Rs. ·79 lakh) and chemicals (+ Rs. ·72 lakh). The transactions were chiefly with the United Kingdom. The small variation under exports calls for no remark.

SHIPPING (FOREIGN TRADE).

The number of vessels that either entered or cleared at ports in this Presidency rose from 3,151 to 3,688, but their tonnage declined from 3,863,334 to 3,674,250, the average tonnage of 1,010 showing a decrease of 216 as compared with that of the previous year. 1,807 vessels aggregating 1,880,508 tons entered and 1,881 vessels aggregating 1,793,727 tons cleared, an increase of 246 and 241 in the number of vessels and a decrease of 68,456 and 120,648 in tonnage under entries and clearances, respectively. 643 vessels with a tonnage of 136,811 tons entered in ballast as compared with 538 vessels of 173,652 tons in 1909–1910 and 302 vessels with a tonnage of 130,474 tons cleared in ballast against 210 vessels of 160,513 tons. Of the entries, vessels flying the British flag and British Indian vessels fell by 47 and 54 and their tonnage by 101,568 and 635, respectively, while those plying under foreign colours increased from 101 to 105 (German 75, Austro-Hungarian 13, Dutch 6, Danish 3, Arabian 2, Grecian, Italian, Norwegian, Japanese, Siamese and Maldivian, each 1) and their tonnage from 279,507 to 298,734. The number of British vessels that cleared fell from 811 to 736 and their tonnage from 1,662,480 to 1,534,290 tons. In the case of British Indian vessels, the number fell by 39, but their tonnage increased by 501 tons. Vessels flying the foreign flag dropped from 78 to 71 (German 33, Austro-Hungarian 12, Italian 7, Dutch 5, Danish and Japanese, each 4, Norwegian and Arabian, each 2, and Siamese and Grecian, each 1) and their tonnage from 197,521 to 183,737 tons The number of native crafts engaged in foreign trade rose from 771 aggregating 44,131 tons to 1,479 (British 241, British Indian 1,157 and foreign 81) aggregating 74,180 tons. The number of vessels entered was 702 of 35,576 tons as against 556 of 20,854 tons in the previous year The number of vessels cleared was 777 with a tonnage of 39,154 as compared with 415 of 23,277 tons in 1909–1910.

COASTING TRADE.

The aggregate coasting trade declined from Rs. 15 crores and 53 lakhs to Rs. 14 crores and 59 lakhs or 6 per cent., the total value of merchandise being Rs. 14 crores and 30 lakhs as compared with Rs. 15 crores and 9 lakhs in the previous year. Of this total, the group—British ports in other Presidencies—absorbed Rs 12·05 crores or 84 per cent. The trade with Bengal advanced by Rs. 17 lakhs, with Bombay by Rs 36 lakhs, with Sind by Rs. 11 lakhs, while that with Burma declined by Rs. 139 lakhs and with Eastern Bengal and Assam by Rs. 2 lakhs.

Imports.—Imports of country produce fell off by Rs. 113·79 lakhs or 12 per cent., while those of foreign merchandise rose by Rs. 11·02 lakhs or 10 per cent.

Imports from Bengal advanced from Rs. 96·62 lakhs to Rs. 126·01 lakhs, an increase of Rs. 29·99 lakhs or 31 per cent. as a result of larger imports of grain and pulse (+Rs. 30·22 lakhs) and smaller imports of coal (— Rs. 5·55 lakhs). The increase of Rs. 17·15 lakhs in the import trade with Bombay was due to larger imports of raw cotton (+ Rs. 10·05 lakhs), foreign cotton piece-goods (+ Rs. 5·40 lakhs), cotton twist and yarn (+ Rs. 5·17 lakhs), salt (+ Rs. 2·15 lakhs) and essential seeds (+ Rs. 2·72 lakhs), partly counterbalanced by smaller imports of grain and pulse (— Rs. 8·09 lakhs) and coffee (— Rs. 5·02 lakhs). Sind supplied more grain and pulse to the value of Rs. 8·23 lakhs, which chiefly accounted for an increase of Rs. 9·07 lakhs in the total imports from that Province. Imports from Burma receded to Rs. 380·18 lakhs—a decline of Rs. 153·98 lakhs—owing to smaller receipts of grain and pulse (— Rs. 166·80 lakhs); but there were small increases under kerosene oil (+ Rs. 4·46 lakhs), and teakwood (+ Rs. 2·91 lakhs).

Exports.—Exports of Indian produce rose by Rs. 22·90 lakhs or 5 per cent. and those of foreign merchandise by Rs. ·72 lakh. There was a decrease of Rs. 13·18 lakhs in the export trade with Bengal due to smaller exports of earthnut seeds (— Rs. 11·45 lakhs) and cocoanut oil (— Rs. 4·21 lakhs), but shipments of raw cotton rose by Rs. 3·90 lakhs. Exports to Bombay advanced by Rs. 19·05 lakhs owing to larger shipments of cocoanut oil (+ Rs 6·72 lakhs), spices (+ Rs 6·32 lakhs), coffee (+ Rs. 2·45 lakhs), cocoanuts, copra, oilcake and rice, each with an increase of a little more than a lakh. The improvement of Rs. 15·12 lakhs in the export trade with Burma was due to larger shipments of earthnut-oil (+ Rs. 9·24 lakhs) and jinjili seeds (+ Rs. 6·36 lakhs). Larger shipments of rice and cocoanut-oil accounted for the increase of Rs. 2·80 lakhs and Rs. 2·39 lakhs in the export trade with Goa and Sind respectively.

Treasure.—The movements of treasure by sea amounted to Rs. 8·60 lakhs as against Rs. 19·12 lakhs in the previous year, a decrease of Rs. 10·52 lakhs, or 55 per cent. Imports of gold amounted to Rs. ·38 lakh and those of silver, chiefly Government of India rupees, to Rs. 8·88 lakhs as compared with Rs. ·02 lakh and Rs. ·79 lakh in the previous year. Exports of gold decreased from Rs. 15 lakhs to Rs. ·37 lakh, while those of silver slightly advanced from Rs. 3·30 lakhs to Rs. 3·95 lakhs.

Government transactions.—Imports of Government stores declined from Rs. 11·04 lakhs to Rs. 9·60 lakhs and exports from Rs. 14·45 lakhs to Rs. 13·14 lakhs. The decline of 1·44 lakhs under imports was spread over a number of items and that of Rs. 5·31 lakhs under exports was due to smaller shipments of *apparel, arms and ammunition, drugs, medicines and narcotics, metals* and *telegraph materials*

Shipping.—The number of vessels plying in the coasting trade declined from 38,093 to 36,244 and their tonnage from 16,914,319 to 16,117,790. Vessels entered decreased by 990 and their tonnage by 433,858. The number of vessels cleared fell from 19,046 to 18,197 and their tonnage from 8,465,229 to 8,103,958. Of the total number of vessels engaged in the coasting trade, 6,307 were British, 511 British Indian, 314 foreign and 29,112 native crafts as compared with 6,571, 766, 278 and 30,408 in the previous year. Of the native crafts, 59 were British, 28,126 British Indian and 927 foreign against 120,29,478 and 870 in 1909–10.

TRADE OF IMPORTANT PORTS.

Chief port (*Fort St. George*).—The total trade of the Madras port, representing 40 per cent. of the aggregate trade of the Presidency, amounted to Rs 1,901·75 lakhs as against Rs. 1,857·29 lakhs in the previous year. This marked an increase of Rs. 44·46 lakhs or 2 per cent. over the trade of the previous year and of Rs. 571·50 lakhs or 43 per cent. over the trade of twenty years ago (1890–91). Excluding Government transactions the trade rose by Rs. 73·08 lakhs or 4 per cent., the improvement being entirely in the foreign trade.

Under foreign trade, imports of private merchandise increased by Rs. 111·49 lakhs or 15 per cent. by reason of larger receipts of cotton piece-goods (+Rs. 50·56 lakhs), cotton twist and yarn (+Rs. 17·38 lakhs), locomotive engines for railways (+ Rs. 10·67 lakhs), metals (+ Rs. 7·60 lakhs), kerosene-oil (+ Rs. 5·92 lakhs), sugar (+ Rs. 4·59 lakhs), gold and silver thread (+ Rs. 3·87 lakhs), hardware and cutlery (+Rs. 3·36 lakhs), carriages and carts (+Rs. 3·20 lakhs), glass and glassware

(+ Rs. 2·53 lakhs), cement (+ Rs. 2·10 lakhs), articles imported by post (+ Rs. 1·74 lakhs) and paper and pasteboard (+ Rs 1·06 lakhs), against which must be set off smaller imports of tobacco (— Rs. 2·93 lakhs) and machinery and millwork (— Rs 2·56 lakhs) Exports of private merchandise advanced by Rs. 35·65 lakhs or 6 per cent., the increase being the net result of larger shipments of raw cotton (+ Rs. 55·30 lakhs), tanned skins (+ Rs. 30·10 lakhs), cotton handkerchiefs (+ Rs. 1·85 lakhs), and mica (+ Rs 1·07 lakhs, and smaller exports of raw skins (— Rs. 30·96 lakhs), tanned hides (—Rs. 19·40 lakhs), earthnut seeds (—Rs. 3·89 lakhs), castor seeds (—Rs. 1·81 lakhs), manures (—Rs. 1·55 lakhs), indigo (—Rs. 1·42 lakhs) and raw silk (— Rs. 1·28 lakhs). In the case of treasure, imports of gold fell by Rs. 68·80 lakhs or 63 per cent. owing to decreased imports of bar gold (— Rs 10·14 lakhs) and sovereigns (— Rs 58·70 lakhs), while imports of silver declined by Rs. 4·44 lakhs or 22 per cent mainly under bar silver.

Under coasting trade, imports of private merchandise rose by Rs. ·33 lakh as a result of larger imports of raw cotton (+Rs. 3·82 lakhs) and teakwood (+ Rs 3·53 lakhs) counterbalanced by smaller receipts of coal (— Rs 8·65 lakhs) Exports, on the other hand, fell by Rs. 1·53 lakhs owing to smaller shipments of earthnut seeds (— Rs. 9·96 lakhs) and chillies (— Rs. 2·60 lakhs, although there were increased exports of raw cotton (+ Rs. 7·07 lakhs), cotton twist and yarn (+Rs. 1·84 lakhs) and provisions (+Rs. 1·15 lakhs).

The number of vessels entered at the chief port declined from 630 with a tonnage of 1,047,275 tons to 610 of 1,612,156 tons. The number cleared was 603 of 1,610,830 tons against 619 aggregating 1,653,153 tons in 1909–10.

Tuticorin.—The trade of this port, which comes second to that of the chief port in the Madras Presidency, rose in value from Rs. 748·26 lakhs to Rs. 855·17 lakhs, which is more than treble the figures of twenty years ago. As compared with the previous year, foreign trade improved by Rs. 94·41 lakhs or 16 per cent. but the coasting trade declined by Rs. 7·50 lakhs or 4 per cent. Imports from foreign countries rose by Rs. 11·01 lakhs or 13 per cent. owing to larger supplies (+Rs. 4·24 lakhs) of cotton twist and yarn, which is used chiefly in the hand-looms at Madura, where the fine gold and silver lace cloth industry has made good progress, betelnuts (+Rs. 3·30 lakhs), metals (+Rs. 3·09 lakhs), machinery and millwork (+Rs. 2·18 lakhs) and sugar (+Rs. 1·41 lakhs). Imports of kerosene-oil, on the other hand, fell by Rs. 3·11 lakhs. Imports of treasure improved by Rs. 15·23 lakhs mainly under gold sovereigns and Government of India rupees There was a great activity in the export trade with foreign countries, which advanced by Rs. 51·60 lakhs, owing to larger shipments of raw cotton (+Rs. 26·15 lakhs), living animals (+Rs. 5·43 lakhs), rice and paddy (+Rs. 6·15 lakhs), tea (+Rs. 4·06 lakhs), postal articles (+Rs. 3·58 lakhs), fish, salted and unsalted (+Rs. 3·18 lakhs), oil cake (+Rs. 2·13 lakhs), cotton coloured piece-goods (+Rs. 2 lakhs), bristles and fibre (+Rs 1·33 lakhs), other sorts of drugs, chiefly senna leaves (+Rs.1·61 lakhs) and fresh vegetables (+Rs. 1·20 lakhs). Cotton twist and yarn, however, fell off by Rs. 4·30 lakhs, and tobacco by Rs. 1·80 lakhs. Exports of treasure consisting of Government of India rupees advanced by Rs. 13·57 lakhs. Coastwise imports declined by Rs. 17·67 lakhs, as the net result of smaller receipts of grain and pulse (— Rs. 22·19 lakhs) and larger imports of raw cotton (+ Rs. 4·35 lakhs) and essential seeds (+ Rs. 2·48 lakhs). Coastwise exports improved by Rs. 10·17 lakhs mainly under cardamoms (+ Rs. 4·47 lakhs), treasure (+ Rs. 3·17 lakhs), grain and pulse (+ Rs 1·93 lakhs) and raw cotton (+ Rs. 1·25 lakhs). The total number of vessels entered was 2,035 with a tonnage of 1,293,218 tons against 2,076 of 1,335,932 tons. The total number of vessels cleared was 2,045 of 1,293,975 tons against 2,085 of 1,334,402 tons in 1909–10.

Cochin.—Cochin again took the second place among the subordinate ports of Southern India. As compared with the previous year, however, the trade showed a decrease of Rs. 21·44 lakhs or 4 per cent., an improvement of Rs. 26·29 lakhs in the foreign trade being more than counterbalanced by a falling off of Rs. 41·72 lakhs in the coasting trade. The increase in the foreign trade was due to larger imports of kerosene-oil (+ Rs. 3·41 lakhs) and larger shipments of copra (+ Rs. 13·34 lakhs), pepper (+ Rs. 4·08 lakhs), tea (+ Rs. 5·65 lakhs) and caoutchouc (+ Rs. 2·32 lakhs). There were, on the other hand, smaller exports of coir manufactures (— Rs. 4·23 lakhs), cocoanut oil (— Rs. 3·14 lakhs), and oil-cake (— Rs. 2·42

lakhs). Smaller imports of grain and pulse accounted for a decrease of Rs. 42·77 lakhs under coastwise imports, while the increase of Rs. 1·05 lakhs under coastwise exports was the net result of larger exports of cocoanut oil (+ Rs. 5·13 lakhs) and smaller exports of grain and pulse (— Rs. 4·18 lakhs). One thousand two hundred and twenty-six vessels with a tonnage of 818,092 entered and 1,281 vessels of 830,627 tons cleared against 1,482 of 871,301 tons and 1,502 of 870,974 tons in the previous year.

Cocanada.—The total trade of this port fell from Rs. 274 lakhs to Rs. 254 lakhs or by 7 per cent. owing to a marked decrease in the foreign trade, imports declining by Rs. 4·76 lakhs and exports by Rs 21·10 lakhs. The decline under imports was mainly due to smaller receipts of kerosene-oil sugar and railway sleepers and that under exports to smaller shipments of treasure (— Rs 19·94 lakhs), rice and paddy (— Rs 11·30 lakhs) and castor-seeds (— Rs. 3·93 lakhs), which were only partially counterbalanced by larger exports of raw cotton (+ Rs. 14·51 lakhs). Under coasting trade, imports advanced by Rs. 9·24 lakhs in consequence of larger receipts of kerosene-oil (+ Rs. 6·16 lakhs) and cotton twist (+ Rs. 4·13 lakhs), while exports fell by Rs. 3·47 lakhs as a result of smaller shipments of chillies. The number of vessels that respectively entered and cleared during the year was 301 of 624,203 tons and 295 of 619,406 tons against 326 of 650,999 tons and 323 of 649,509 tons in 1909–10.

Calicut.—The trade of this port again declined by Rs. 16·60 lakhs, owing to a decrease of Rs 18·14 lakhs in her coasting trade, although there was a slight improvement of Rs. 1·54 lakhs in her foreign trade. Imports from foreign countries showed very little variation. The chief articles of export were tea (Rs 25·51 lakhs), coffee (Rs. 19·92 lakhs), copra (Rs 14·84 lakhs), coir manufactures (Rs 9 14 lakhs), ginger (Rs. 8 lakhs), pepper (Rs. 3·35 lakhs) and sandalwood (Rs. 3·43 lakhs). The decrease of Rs. 18 14 lakhs under coasting trade was chiefly due to smaller imports of grain and pulse (— Rs. 14 54 Lakhs) and smaller exports of copra and pepper. One thousand seven hundred and seven vessels with a tonnage of 640,057 tons entered and 1,720 of 634,494 tons cleared as against 1,858 and 1,848 in 1909–10, with tonnages of 618,857 and 618,050 tons, respectively.

Negapatam.—Foreign trade rose by Rs. 17·04 lakhs owing to larger exports of earthnuts (+ Rs. 5·59 lakhs), rice and paddy (+ Rs. 5·12 lakhs), postal articles (+ Rs. 1·45 lakhs), coloured piece-goods (+ Rs. 1·67 lakhs), copra and fresh vegetables, but the coasting trade fell by Rs 43·28 lakhs by reason of smaller imports of grain and pulse (— Rs. 40·52 lakhs) and teakwood (— Rs. 3·19 lakhs). Six hundred and twenty-two vessels of 760,580 tons entered and 643 of 766,284 tons cleared at Negapatam during the year against 535 of 790,600 tons and 547 of 791,812 tons in the previous year.

Mangalore.—The total trade rose by Rs. 15·12 lakhs, Rs. 14·42 lakhs being under foreign and Rs. 70 lakh under coasting. Shipments of coffee and sandalwood were responsible for the increase under foreign trade. The number of vessels entered was 2,227 with a tonnage of 294,845 tons and of vessels cleared was 2,265 of 295,189 tons against 2,140 and 2,169 with tonnages of 296,266 and 296,766 tons in 1909–10.

Cuddalore.—The total trade rose from Rs. 144 87 lakhs to Rs. 154·95 lakhs, an increase of Rs. 10 08 lakhs or 7 per cent Increased exports of groundnuts combined with a rise in price led to an increase of Rs. 4 81 lakhs in the value of foreign trade while the improvement of Rs. 5·27 lakhs under coasting trade was the net result of smaller imports of grain and pulse and larger exports of earthnut oil.

Tellicherry.—Coffee and pepper were as usual the chief staple products exported from this port. Foreign trade improved by Rs 15·35 lakhs and coasting trade by Rs. 9·59 lakhs.

Porto Novo.—The export of groundnuts formed the bulk of the trade of this port and the smaller quantity available for export led to a fall in the total trade from Rs. 53·28 lakhs to Rs. 52·82 lakhs.

Cannanore.—Larger imports of rice and paddy from Burma increased the total trade by Rs. 7·90 lakhs.

Bolagara.—Copra was shipped in less quantity to foreign countries and the foreign trade declined in consequence by Rs. 6·49 lakhs, but this decrease was partly

counterbalanced by an increase of Rs. 5·06 lakhs on account of larger coastwise imports of grain and pulse, chiefly rice from Burma.

Bimlipatam.—Total trade fell by Rs. 7·43 lakhs owing to smaller exports of jinjili seeds and raw jute to foreign countries, but there was a slight increase in the shipments of niger seeds.

Vizagapatam.—Larger exports of sugar, raw jute and niger seeds partly counterbalanced by a smaller shipment of manganese ore accounted for an increase of Rs. 5·38 lakhs under foreign trade.

Other subordinate ports.—The trade of *Gopalpore* rose from Rs. 8·43 lakhs to Rs. 11·29 lakhs as a result of larger imports of cotton twist and yarn and smaller exports of rice. The trade of *Masulipatam* fell from Rs. 24·21 lakhs to Rs. 12·98 lakhs, a decrease of Rs. 11·23 lakhs, Rs. 3·56 lakhs being under foreign trade and Rs. 7·67 lakhs under coasting trade. The decrease under foreign trade was due to smaller imports of cotton piece-goods and smaller exports of rice and that under coasting trade to smaller shipments of paddy. Diminished exports of coloured piece-goods mainly account for the decrease in the trade of *Pamban* from Rs. 22·81 lakhs to Rs. 19·13 lakhs. There was an increase in the trade of *Kulasekarapatnam* by Rs. 7·05 lakhs to Rs. 23·04 lakhs in consequence of larger imports coastwise of treasure (+ Rs. 2·84 lakhs) and paddy. The trade of *Malpe* developed from Rs. 11·64 lakhs to Rs. 15·28 lakhs as a result of larger exports of salted-fish coastwise. The increase in the trade of *Coondapur* from Rs. 13·16 lakhs to Rs. 15·25 lakhs occurred chiefly under coastwise exports of rice and paddy. The trade of *Ponnani* declined by Rs. 3·06 lakhs (from Rs. 19·81 to Rs. 16·75 lakhs) owing to the contraction in the coastwise imports of grain and pulse.

ADMINISTRATION.

Receipts.—The total revenue receipts for the Presidency increased from Rs. 60,66,640 to Rs. 73,73,207 or 22 per cent. The following statement shows how they were distributed between the port of Madras, the outports and land customs stations:—

	1909–1910.			1909–1910.			1910–1911.

Madras.—The increase of Rs. 9,70,650 in import duty was mainly due to enhanced rates of duty on liquors, petroleum, silver and tobacco and to larger importation of cotton piece-goods. The bulk of the miscellaneous receipts consisted of excise duty on cotton manufactures amounting to Rs. 1,48,135 against Rs. 1,45,334 in the previous year.

Outports.—The increase of Rs. 2,96,928 in import duty occurred chiefly at the ports of Cochin (+ Rs. 1,78,865 or 74 per cent.), Tuticorin (+ Rs. 29,678 or 11 per cent.), Mangalore (+ Rs. 23,089 or 51 per cent.) and Calicut (+ Rs. 47,523 or 57 per cent.), owing to enhanced rates of duty on liquors and kerosene-oil. The increase of Rs. 70,444 in the export duty was collected chiefly at Negapatam and Tuticorin where the receipts under the head exceeded those of the previous year by 32,961 or 117 per cent. and Rs. 31,579 or 16 per cent., respectively.

Land customs.—Receipts under land customs increased from Rs. 2,17,815 to Rs. 2,33,261, of which Rs. 23,698 represented export duty on rice collected by the French Government on behalf of the Government of India. Of the total collections, the receipts on the Karaikkal frontier amounted to Rs. 1,50,593, against Rs. 1,44,127 in 1909–1910, and on the Pondicherry frontier to Rs. 77,588 against Rs. 69,086, while the stations round the settlements of Mahe and Yanam accounted for the balance of Rs. 5,080.

Disbursements.—The total disbursements on account of customs for the whole Presidency amounted to Rs. 4,80,435, those at the chief port being Rs 2,51,952 as against Rs. 2,66,106 in 1909–1910. The fall of Rs. 14,144 is attributable to reduced establishment charges and to smaller sums paid as refunds and drawbacks. The total disbursements for outports and land customs stations amounted to Rs. 2,08,473.

Cases adjudged under the Sea Customs Act.—The total number of offences dealt with under the Sea Customs Act during the year was 2,059 against 1,923 in the previous year. The total penalties and extra duties realized amounted to Rs. 11,261 and Rs. 2,981 against Rs. 11,427 and Rs. 1,523 respectively in 1909–1910. Of the total number of cases, 1,195 relate to Madras and the remaining 864 to the outports. The nature of the offences and the amounts of penalties imposed were as follows :—

Offences.	Number of cases.	Amount of penalties.
		Rs.
(1) Undervaluation of goods	83	1,020
(2) Smuggling of goods	82	1,023
(3) Importation of prohibited articles	67	23
(4) Exportation of prohibited articles	2	1,606

(9) Landing goods without boat notes	18	42
(10) Other offences	349	2,012
Total ..	2,059	11,261

The amount granted in rewards was Rs. 2,527, of which Rs. 123 was paid to informers.

The Indian Merchandise Marks Act.—There were 228 infringements of the Act against 176 in the previous year. Of these, 217 occurred at the chief port and 11 at outports. A classified statement in the form prescribed by the Merchandise Marks Manual is appended :—

Infringements under clause B totalled 172 against 129 in the previous year. All these were in respect of the use of English expressions which were either not accompanied by indication of origin or which had the indication shown on a separate label. The others were cases of false trade description in respect of weight, material or copyright. The more important cases are summarised below :—

(1) A consignment of syrup of tar and wild cherry of American manufacture bearing labels with the description "No alcohol, opiates, chloroform, etc.," was imported. On test by the Chemical Examiner, the preparation was found to contain alcohol. The description on the label was held to be a false trade description and the goods were passed on payment of a penalty and after removal of the objectionable labels.

(2) Six consignments of kegs described to contain "Fine white zinc" were imported. The Chemical Examiner, on analysis, found the paint to contain 86·6 per cent. adulteration. The description on the kegs was therefore held to be false and the goods were passed on payment of penalties and after the percentage of reduction had been marked on the kegs.

(3) A case of galloon bands of German manufacture bearing characters of an Indian language was imported. On enquiry, it was found that the bands were imported for the purpose of being attached to umbrellas to be sold as Indian made goods. The consignment was confiscated subject to a redemption penalty which was paid.

(4) Seven consignments of paper were found to be watermarked with the words "Derby bond" and "Revenue bond" without any indication of the country of origin, viz., United States of America. The goods were passed on payment of penalties in each case.

(5) A consignment of milk, the manufacture of Holland, described as "condensed and purest milk" was imported without any indication of the country of origin. The milk was pronounced by the Chemical Examiner on test to be sweetened skimmed milk. The goods were confiscated subject to a redemption penalty which was not paid.

(6) In a consignment of silver lametta of German manufacture, the packets which contained nine reels each were marked 25 oz. net, but this weight was found to be in excess of the actual weight. The goods were passed on payment of a penalty and after the correct weight had been marked.

(7) A consignment from London described as "Reduced spirits of turpentine" was on test by the Chemical Examiner found to contain no turpentine. The goods were passed on payment of penalty and after obliteration of the words "spirits of turpentine."

(8) Fifteen cases of condensed skimmed milk were imported at the port of Cochin. There was no indication on the label on the tin that the preparation was made from skimmed milk. A penalty was imposed and the labels were required to be marked "skimmed."

The penalties realised during the year amounted to Rs. 1,204 against Rs. 624 in the previous year.

Appeals.—There were 22 appeals preferred under the Sea Customs Act against 14 in the previous year, 1 to the Government of Madras, 7 to the Board of Revenue and 14 to the Collector of Sea Customs, Madras, and Inspectors of Customs Circles. In four cases the original orders were reversed.

Cotton Duties Act.—The total quantity of yarn produced in this Presidency during the year advanced from 40,595,990 lbs. to 41,070,719 lbs. or by 1 per cent. The increase though not as great as in the previous year may, nevertheless, be considered satisfactory considering the abnormally high price of raw cotton.

The quantity of cloth produced declined from 7,738,455 lb. to 7,146,696 lb. or by 8 per cent. owing to the high prices prevailing. The amount of excise duty collected rose from Rs. 1,45,384 to Rs. 1,48,135 or 2 per cent., while the amount of drawback paid declined from Rs. 8,165 to Rs. 2,693. Dyed and coloured goods formed 64 per cent. of the total production, while bleached goods continue to be in more favour than greys.

The Act worked smoothly throughout the year and there were no breaches of the law.

Documents.—The documents handled during the year comprised 59,231 bills of entry, 78,220 shipping bills, 20,399 import manifests, 20,319 export manifests, 37,470 other documents or 215,669 in all. The number of documents amended was 10,905 and the fees realized thereon amounted to Rs. 3,984.

Statistical publications.—The sale-proceeds of statistical publications amounted to Rs. 7,980 against Rs. 7,812 in the previous year and the cost incurred in preparing them to Rs. 5,363 against Rs. 5,327 in the previous year. The introduction of the revised scheme of publications is still pending as the revision of the classified list of articles is under the consideration of the Government of India.

Administrative changes.—At the commencement of the year there were 44 ports open to both foreign and coasting trade and 61 open to coasting trade only. One of the first group and 31 of the second group were closed during the year. The port of Tranquebar was transferred from the first to second group and the ports of Annapatnam and Kottaipatnam, and Pámban and Mandapam were amalgamated. Thus at the close of the year there were 40 ports open to both foreign and coasting trade and 31 open to coasting trade only. The closure of 11 more ports is under consideration. All the ports, at which customs establishments exist, were inspected during the year by the Collector or one of the Assistant Collectors with the exception of Kottaipatnam and Tirumullavasal.

The port of Madras continued to be under the administrative control of the Collector of Sea Customs, Madras, who is also a chief Customs officer for the Presidency. The sanction of the Government of India was received for the creation of an Audit Department which was given effect to from 2nd June 1910. The number of ports visited by the Auditor during the year was 22.

Establishment.—Mr. G. A. Thomas, B.A., I.C.S., continued to be Collector during the year under review. Mr. A. Wolferstan, the Senior Assistant Collector, having proceeded on combined leave on the 28th March 1910, his place was taken up by Mr. G. N. Bower, B.A., who joined the Madras Custom-house on the 18th May 1910. Mr. F. Buckney, B.A., continued to be an officiating Assistant Collector during the year under review. The year was marked by the entertainment of an Audit establishment, the permanent third appraiser M.R.Ry. G. Subbiah Chetthyar being appointed auditor sub. *pro tem.* from the 2nd June 1910. Mr. W. A. Murcar, the second appraiser, retired from service with effect from the afternoon of the 31st March 1911.

MADRAS,
26th May 1911.

G. A. THOMAS,
Offg. Collector of Customs.

The Standard Barometer and Thermometers are read at 8 A.M., 10 A.M., 4 P.M., and 8 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the Barometer is twenty-two feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 0·20 inch, the average due for the same period being 5·00 inches.
